

# Worms, Insects and Spiders (Oh My)

# UNBELIEVABLE!

These **LITTLE** critters have **BIG** Super Powers!

# SUPERPOWERS

**Dynamite Dancers**

Honeybees "Waggle Dance" to give secret directions to flowers.

**Light Makers**

Fireflies light up and send secret messages to each other.

**Super Seers**

Dragonflies have super eyesight in all directions.

**Homing Tracker**

Ants use their super smell to find trails and never get lost.

**Captain Camouflage**

Stick Bugs look like twigs to hide from predators.

**The Liquidator**

Spiders save plants by turning "bad guy bugs" into a liquid lunch.

**Shape Shifter**

Earthworms grow longer and thinner to tunnel underground.

**But Wait...**

## MISSION:

Take a hike and use **YOUR** super power of observation.

**...There's more!**

What are some other cool things that worms, insects and spiders do?

### Short Story, Big Idea!

One day a \_\_\_\_\_ was in the \_\_\_\_\_. It was just \_\_\_\_\_ when it saw a \_\_\_\_\_ that needed help. Suddenly it turned into

\_\_\_\_\_ and used its

\_\_\_\_\_ to \_\_\_\_\_

Despite being small, our super hero was able to \_\_\_\_\_

\_\_\_\_\_ **THE END**

JUNIOR RANGER
